

**Legal Disclaimer:**

Though The Kings Herbals may not be for everyone, testimonials report lasting relief for many issues when used according to directions.

Though Essential Pain Relief and Essential Body Rub have not been tested by the FDA, the essential oils have been through many studies and research and have been proven an effective way of natural treatment of many painful symptoms.

**ESSENTIAL PAIN RELIEF**

**ESSENTIAL BODY RUB**

*Green Healthy Living Providing Relief And Comfort For Infinite Painful issues With Natural Ingredients.*

**THE KINGS HERBALS**

**Handcrafted Ingredients Of Highest Quality**

Essential Pain Relief and Essential Body Rub are designed to provide effective results for many kinds of painful symptoms.

One application of Essential Pain Relief or Essential Body Rub does not always provide immediate relief just as a single pill from a prescription can't cure an illness. Keep using these products for best results. Minimum usage for ongoing symptoms is two to four times per day. Other lifestyle modifications can be beneficial as well. Give your first 4 ounce jar 30-45 days to work.

See Legal Disclaimer on inner fold.

Nutrients from Essential Oils are carried through the transdermal process (through the skin) to provide relief and comfort to damaged tissues. Just some ideas are from itchy skin to nerve damage and everything in between.

FYI: Coconut Oil in EPR and EBR are liquefied at 92 degrees and on contact with skin.

ESSENTIAL PAIN RELIEF	ESSENTIAL BODY RUB
• Headaches	Therapeutic Face Cream
• Joints	Skin Damage
• Muscles	Irritated Skin
• Ligaments	Dermatitis
• Nerves	Analgesic
• Chest and Lung Rub	Sensitive Tissues
• Gout	Respiratory
